

September/October 2021 Superintendent Message

It was great to welcome students and employees back to the district on August 24th. It has been nice to have some sense of normalcy, returning to school five days per week with in-person learning and being able to attend some extracurricular activities.

Unfortunately, COVID is still with us and the variant seems to be increasing in positive cases across the nation. At the time of the writing of this message, it is unknown how the variant will impact our district. As we did last year, we will do our best to communicate with you in a timely manner any changes that might happen related to COVID. The COVID dashboard serves as official notification for a positive case within the district. The dashboard is maintained by Mrs. Krista Crates-Miller, Assistant Superintendent and COVID Coordinator.
<https://fcs.org/dashboard/>

Wearing a face covering is optional as of this communication; however, masks are strongly recommended per CDC guidelines. Please note that all information is subject to change. Please reach out to your building principals with any questions or concerns.

Our goal is to keep students learning in person five days per week, in a safe and healthy school environment providing academic excellence and opportunities.

Thank you for your support and welcome back to the 2021-22 school year.

Go Trojans!
